#### **CITY OF BATH COLLEGE**

##### *City of Bath College. An Archaeological and Historical Desktop Assessment*

Davenport, P Bath : Bath Archaeological Trust, 2003, 72pp, pls, colour pls, figs, refs

*Work undertaken by:* Bath Archaeological Trust

An assessment was carried out in response to proposals to rationalize the college's operations on to the main site. Nationally important archaeological remains had existed on the site, and the redevelopment proposals were restricted to remodelling the standing building. Archaeological remains were thought to be truncated. [Au(abr)]

*Archaeological periods represented:* PM
