AMBER PARK, SOUTH NORMANTON***An Archaeological Evaluation at Amber Park, South Normanton***

Sheppard, R Nottingham : Trent & Peak Archaeological Unit, 2003, 28pp, colour pls, figs, tabs, refs

Work undertaken by: Trent & Peak Archaeological Unit

An archaeological evaluation was carried out on the site. An undated pit containing charcoal was identified along with two post-medieval ditches one containing two courses of bricks and a large hollow containing industrial rubble and natural clay. The hollow was either a pond or brick-pit. A trench was also targeted on a former railway/tramway. Stone foundations for the tracks were identified, with gaps for the wooden sleepers. [Au(abr)]
