MONTAGUE STREET, SHAW STREET AND NAB LANE

Archaeological Works on Land Bounded by Montague Street, Shaw Street and Nab Lane, Blackburn, Lancashire

University of Manchester Archaeological Unit Manchester : University of Manchester
Archaeological Unit, 2003, 33pp, figs

Work undertaken by: University of Manchester Archaeological Unit

The evaluation trench revealed a flag stone courtyard associated with the late 19th century Peel Mill complex directly below the concrete surface of the late 20th century garage service area. Test pits excavated through the flag stone surface revealed the intact earlier remains of the pre-1844 Dye and Calendar Works.

Archaeological periods represented: PM
