King, A Bristol : Bristol & Region Archaeological Services, 2003, 26pp, pls, colour pls, figs, tabs, refs

Work undertaken by: Bristol and Region Archaeological Services

An evaluation was carried out on the site, a former garden, intended for redevelopment as residential accommodation. No archaeological features were present, however abraded sherds of Roman pottery, a worked flint and fragments of animal bone were recovered. The lack of features indicated that the finds were hillwash material. [Au(abr)]
