KENILWORTH CASTLE

Kenilworth Castle, Warwickshire

Elks, D Upton Upon Severn : Stratascan, 2003, 24pp, figs

Work undertaken by: Stratascan

Several anomalies were identified to have high potential due to the presence of the Scheduled Ancient Monuments. These included high and low resistance area anomalies, complex ground penetrating radar responses and inclined events. Due to the small area of the survey, the significance of these features was unknown. [Au(abr)]

Archaeological periods represented: UD
