Brown, A, Rogers, A, Jones, C, Jones, H, Bunny, A & Crane, S Poulton : Poulton Research
Project Archaeo-Geophysics Group, 2003, 13pp, figs

Work undertaken by: Poulton Research Project Archaeo-Geophysics Group

A total of six grids were surveyed. The first two grids surveyed produced very little information apart from two small areas of medium high resistance readings. The resistance levels encountered possibly indicated structural features, the readings extended south along with a number of linear features.
