Tremlett, S Norwich : Norfolk Archaeological Unit, 2002, 14pp, figs, tabs

Work undertaken by: Norfolk Archaeological unit

An archaeological assessment was carried out on the proposed development site. Site lies within the 12th century expansion area of the town. The site was also identified as being situated in the precinct of a medieval hospital. Despite the site being occupied by Victorian and modern buildings, the potential for archaeology is high. LAND AT LODGE FARM

An Archaeological Desk-Based Assessment of Land at Lodge Farm, Costessey, Norfolk

Everill, P & Hall, A Cambridge : Cambridge Archaeological Unit, 2002, 15pp, figs, tabs

Work undertaken by: Cambridge Archaeological Unit

An archaeological assessment was carried out on the proposed development site. The site contained known archaeology in the form of a Bronze Age ring ditch and a Late Bronze Age hoard. Within the vicinity several find spots and settlement have been identified of prehistoric and Roman date. [Au(abr)]
