RED LODGE KING'S WARREN

Red Lodge (King's Warren)

O'Brien, L Hertford : Hertfordshire Archaeological Trust, 2002, 48pp, figs, tabs

Work undertaken by: Hertfordshire Archaeological Trust

An archaeological assessment was carried out on the proposed development site. A Bronze Age barrow or 13th century gallows was identified in the south-western area of the site. A barrow cemetery is located close to the site and a medieval warren. A Roman villa may also exist close to the site. The site though was identified as being heathland and has little archaeological potential. [Au(abr)]
