AGARD STREET, DERBY

Land at Agard Street, Derby, City Centre

Gadsby, M Newark : John Samuels Archaeological Consultants, 2002, 43pp, figs, tabs, refs

Work undertaken by: John Samuels Archaeological Consultants

An assessment was carried out on the site. A 19th century mill building is extant on the site but there was no known archaeology identified on the site. Saxon and Roman archaeology has been identified in the area, so further work was recommended. [Au(abr)]

ROLLS-ROYCE TRAINING CENTRE

An Archaeological Desk-Based Assessment for the Rolls-Royce Training Centre, Mickleover, Derby

Priest, V Leicester : University of Leicester Archaeological Services, 2003, 17pp, figs, tabs

Work undertaken by: University of Leicester Archaeological Services

An assessment was carried on the proposed development site. The site contains extant ridge and furrow. It also lies close to the old railway station and within the vicinity of several Roman Roads. [Au(abr)] *SMR primary record number:* 639

SADLER STREET AND ST JAMSE'S STREET

An Appraisal of the Archaeological Implications for the Proposed Development Between Saddler Gate and St Jame's Street, Derby

Garton, D Nottingham : Trent & Peak Archaeological Unit, 2002, 29pp, figs, tabs

Work undertaken by: Trent & Peak Archaeological Unit

An assessment on the impact of the proposed development on the archaeology concluded that the site might have contained monastic buildings. Parts of the development area may have contained medieval burgrave plots and part of St Jame's burial ground. The closeness of the site to early medieval settlements suggests that there may also be Saxon archaeology on the site. [Au(abr)]
