LOTS ROAD POWER STATION

Lots Road Power Station Development, Site B, and Land at Thames Avenue, London Borough of Hammersmith and Fulham. London, SW 10. A Geoarchaeological Borehole Assessment

Corcoran, J London : Museum of London Archaeology Service, 2002, 19pp, figs, refs

Work undertaken by: Museum of London Archaeology Service

The sub-surface stratigraphy of the whole site was reconstructed from the logs of 35 previous geotechnical boreholes and the sequence of events inferred. It is recommended that the boreholes be monitored, down to flood plain gravel, by a geoarchaeologist. [Au(abr)]
