**LAND ADJACENT TO GYPSY LANE, DORDON**

*Land Adjacent to Gypsy Lane, Dordon, Warwickshire. Desk-Top Assessment*

Chandler, J Oxford : Oxford Archaeology, 2002, 16pp, fogs, tabs, refs

*Work undertaken by:* Oxford Archaeology

The assessment identified six archaeological sites within the area of a proposed housing development. These comprised a grass mark of a probable ditch of uncertain date, possible post-medieval watermeadows and an associated sluice, a well-preserved lynchet, and undated crop marks. The rest of the site had uncertain archaeological potential. [Au(abr)]
