

**Patient reported importance of assistive devices in hip and knee replacement Enhanced Recovery after Surgery (ERAS) pathways**

**Table 2: Frequency (%) of patients attending joint school and having pre-operative visit**

Procedure	Attended joint school (%) (no data for 2 respondents)		Had pre-operative visit (%)	
	Yes	No	Yes	No
Total hip replacement - posterior	23 (72)	9 (28)	11 (33)	22 (67)
Total hip replacement - anterior	27 (93)	2 (7)	1 (3)	28 (97)
Total knee replacement	42 (82)	9 (18)	1 (2)	51 (98)
<b>TOTAL</b>	92	20	13 (11)	101 (89)
