77-95 Victoria Street, London, SW1. City of Westminster. An Archaeological Evaluation Report

Cowan, C London : Museum of London Archaeology Service, 2002, 21pp, figs, refs

Work undertaken by: Museum of London Archaeology Service

The evaluation has shown that the potential of survival of archaeological deposits is low as the site has been truncated. The earliest deposits found on the site were of 19th century date. [Au(abr)] *SMR primary record number:* 33/527

Archaeological periods represented: PM
