EASTON NAB, CLEVELAND

Eston Nab, Cleveland. The Results of Archaeological Evaluation

Blaise Vyner Leyburn : Blaise Vyner, 2002, 17pp, colour pls, figs, refs

Work undertaken by: Blaise Vyner

Two trenches were excavated on the site of a proposed telecoms mast and compound. Despite extensive monumental and artefactual remains for prehistoric activity in the vicinity, the excavations produced no archaeological evidence. [Au(adp)]

JASMINE FIELD, 14-20 FOREST LANE, KIRKLEVINGTON, TEESIDE

Jasmine Field. Kirklevington. Archaeological Evaluation Report

Ronan, D Barnard Castle : Northern Archaeological Associates, 2002, 14pp, colour pls, figs, refs

Work undertaken by: Northern Archaeological Associates

An earthwork survey was undertaken on the field, which showed two different width and depths of ridge and furrow. The length of these features indicated that they were medieval reverse 'S' variety, a date confirmed by pottery. No other archaeological features were identified within any of the excavated trenches. [Au(abr)]

ST GERMAINE'S CHURCHYARD

Archaeological Evaluation at St. Germaine's Lane, Marske-by-the Sea

Turnbell, P & Walsh, D Barnard Castle : Brigantia Archaeological Practice, 2002, 7pp, pls, figs

Work undertaken by: Brigantia Archaeological Practice

A series of five trial trenches was excavated further to explore the potential of the site. The remaining archaeological potential of the area to the south-east of St Germaine's Churchyard must be considered negligible. The slight indications of some prehistoric activity area not considered to be of much importance. [Au(adp)]

YARM SCHOOL, THE FRIARAGE, YARM

Archaeological Evaluation at Yarm School, The Friarage, Yarm

Turnball, P Barnard Castle : Brigantia Archaeological Practice, 2002, 34pp, colour pls, pls, figs, refs

Work undertaken by: Brigantia Archaeological Practice

The results of the evaluation indicated that the core area of the site contained well-preserved buried remains of the medieval friary. The site showed evidence of areas of flooding, cultivation, gardens and the cellars of the present house built in 1770s contain substantial and well preserved parts of the ground floor of the medieval building. [Au(abr)]
