Carlyle, S, Holmes, M & Morris, S Northampton : Northamptonshire Archaeology, 2002, 55pp, colour pls, figs, tabs, refs

Work undertaken by: Northamptonshire Archaeology

An archaeological watching brief and excavation was carried out on the site. Residual roman finds were recovered and a possible Roman linear was identified. Mid to Late Saxon ditches were encountered across the site and probably formed field plots and land boundaries. Medieval ditches were also identified along with several palaeochannels. The site by the late medieval/post-medieval period was covered in alluvial deposits. [Au(abr)]
