CHESTER AMPITHEATRE

Chester Ampitheatre

Ovender-Wilson, S Bradford : GSB Prospection, 2002, 58pp, figs, tabs

Work undertaken by: GSB Prospection

The GPR survey data was dominated by surface and garden reflections. Apart from possible responses from the ampitheatre on the Dee House car park no significant archaeology was detected. [Au(abr)]

LITTLE MORETON HALL

Geophysical Surveys of Five NT Properties in NW Region

Crossland, J Cirencester : National Trust, 2002, 20pp, pls, figs

Work undertaken by: National Trust

A resistivity survey was carried out on the site. Not very much was interpreted from the lawn of little Moreton Hall. It has been suspected to have contained evidence for a garden. [Au(adp)]

LYME PARK

Geophysical Surveys of Five NT Properties in NW Region

Crossland, J Cirencester : National Trust, 2002, 20pp, pls, figs,

Work undertaken by: National Trust

A resistivity survey was carried out on the site. This site was known from map evidence to have been that of Lyme's original stables which stood at least until the 1860s when the present block to the east was constructed. [Au(adp)] *SMR primary record number:* 52765
