NORTH LINCOLNSHIRE

7/148 (H.68.H001)

SE 91270156

LAND AT CLEATHAM HALL FARM

Land at Cleatham Hall Farm, Manton, North Lincolnshire

Bunn, D & Palmer-Brown, C Lincoln : Pre-Construct Geophysics, 2002, 11pp, figs, tabs

Work undertaken by: Pre-Construct Geophysics

A fluxgate gradiometer survey was carried out on the site. Possible undated field boundaries, modern land drains and areas of burning were identified. [Au(abr)]

Archaeological periods represented: MO, UD

7/149 (H.68.H005)

SE 77561260

LAND AT FIELD SIDE, CROWLE

Land at Field Side, Crowle, North Lincolnshire

Bunn, D, Palmer-Brown, C & Savage, S Lincoln : Pre-Construct Geophysics, 2002, 51pp, colour pls, figs, tabs

Work undertaken by: Pre-Construct Geophysics

A fluxgate gradiometer survey was carried out on the site. A number of linear features were identified. [Au(abr)]

Archaeological periods represented: UD

7/150 (H.68.H004)

SE 88581115

LAND AT HIGH RIDGE SCHOOL, SCUNTHORPE

Land at High Ridge School, Scunthorpe

Bunn, D & Palmer-Brown, C Lincoln : Pre-Construct Geophysics, 2002, 11pp, figs, tabs

Work undertaken by: Pre-Construct Geophysics

A fluxgate gradiometer survey was carried out on the site. Ridge and furrow were identified, overlaying, linear features of glacial or archaeological origin. [Au(abr)]

Archaeological periods represented: UD

7/151 (H.68.H002)

SE 88140990

LAND AT NORTH LINDSEY COLLEGE

Land at North Lindsey College, Scunthorpe

Bunn, D & Palmer-Brown, C Lincoln : Pre-Construct Geophysics, 2002, 11pp, figs, tabs

Work undertaken by: Pre-Construct Geophysics

A fluxgate gradiometer survey was carried out on the site. No significant archaeology was identified. [Au(abr)]
